Common Sense

About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory average three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time, 69 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co. in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory, we were among the pioneers to include that additional service in the single volume, and we furnish the wives' names in all our publications.

BEFORE YOU INVEST— INVESTIGATE

When you receive those high-pressure letters promising riches over night—

"BEFORE YOU INVEST—INVESTIGATE"

When you receive a strange call over the telephone asking you to invest in an unknown stock—

"BEFORE YOU INVEST—INVESTIGATE"

If somebody comes to your home and says you have been selected to receive a "free lot"—

"BEFORE YOU INVEST—INVESTIGATE"

If someone comes to your door and whispers that he can save you money because the furs he is selling were smuggled across the Canadian border,

"BEFORE YOU INVEST—INVESTIGATE"

You can investigate by securing information from the Better Business Bureau. There is no charge for this service.

My Home Town First

A creed for the home-loving citizen

I BUY AT HOME

- because my interests are here.
- because the community that is good enough for me to live in is good enough for me to buy in.
- because I believe in transacting business with my friends.
- because I want to see the goods.
- because I want to get what I buy when I pay for it.
- because every dollar I spend at home works for the community in which I live.
- because the man I buy from stands back of the goods.
- because I sell what I produce here at home.
- because here I live and here I buy.
- because the man I buy from pays his part of the town, county, and State taxes.
- because the man I buy from helps support my school, my lodge, my church, my home.
- because when ill luck, misfortune, or bereavement comes, the man I buy from is here with his kindly greetings, his words of cheer, and his pocketbook, if need be.

W. A. GREENOUGH CO.

WILL FRANK DAVIS, Pres.

51 MASSACHUSETTS AV.

BOSTON, MASS.

What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time, 69 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co. in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory, we were among the pioneers to include that additional service in the single volume, and we furnish the wives' names in all our publications.

DIRECTORY OF HOUSEHOLDERS

OFFICE BUILDINGS AND BUSINESS PLACES

Including a Complete

STREET AND AVENUE GUIDE

1932

Copyright, 1932, W. A. Greenough Co., Boston, Mass.

The streets are arranged in alphabetical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street, embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

Occupants in office buildings are shown by room numbers where practicable.

Profession or business is shown only at actual places of business; to find occupation of householders refer to the Alphabetical List of Names.

The * preceding any number indicates a telephone at that number.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

WHAT DO YOU DO WITH THE OLD DIRECTORY

Why not take the old book home now that the new one is out. Many of our subscribers are doing this and tell us it is quite as necessary to have one in the home now as in the office.

THANK YOU!

Your Wife will find many uses for it. She can look up the people she meets and find out who's who. She will use it for invitations, addresses, streets, etc.

THANK YOU!

Your Daughter can look up her friends, their parents, club, church and society data, and miscellaneous information of all sorts. Find strange streets and exactly how to reach them.

THANK YOU!

Your Son will find it both interesting and instructive. It will settle many a friendly argument.

THANK YOU!

The Old Folks can look up their old friends, the various facts concerning the town, and they will marvel at the town's wonderful growth.

You Will Use It Yourself
and the folks will thank you for bringing it home
